

PTA meeting - 23rd January 2024

Updates from last meeting minutes:

Christmas fayre was very well attended. It worked better having it spread out further across the school this time. We made a profit of around £400. Half of this was donated to school fund to help subsidise trips etc. The rest will be used to replace resources used in family events and activities throughout the year.

Current affairs:

A discussion was held around us becoming a Registered Charity. Ultimately, it was decided that it isn't right for us at the time being. Whilst it would allow us to access some more funding streams, we aren't anywhere near the threshold for what we are allowed to have annually using our current bank account and we are only a small group running a handful of activities across the school. We may revisit this again in the future.

Easter fundraising activities. Year 6 are planning an Easter raffle to raise money for their end of year/leavers activities. Some of the fundraising activities for PTA that we discussed included a quiz, a colouring competition and an Easter bonnet parade. It was decided that we would run a quiz for years 4-6 and a colouring competition for Nursery to year 3. 50p to enter with a winner selected from each class.

School Government are planning activities for Comic Relief in March.

Date of next meeting: 10th April 2024
